**October: "Save the Dates"
Regular Show & "Black and
White", Show-in-Show(all
media)!**

Take-in October 5th, 10AM-2:00PM NEW

Demo: None

Reception: None

President's remarks: We are always pleased to highlight the Best-of-Show and other ribbon winners with the Congratulations from the Board! When we have a Show-in-Show, that too is special because we have First, Second, and Third Place Awards with money prizes that go along with the recognition. This month's SIS Winner is John Lindthurst for his Mixed Media work titled, "Butterfly Daydreams"!

When hosting the Gallery Members are asked to keep track of the number of visitors that enter. During the past three months, we've averaged 576 visitors! In addition, during that period we have had just over \$7000 in sales! Your Gallery continues to be Open and proudly display your art for sale. All should be congratulated. We are already looking forward to the Holidays and maintaining a safe environment to enter 2021 totally prepared for a full year of scheduled events.

At the Board Meeting last evening it was decided to eliminate "Computer Art" from our list of categories.

It was also noted that we have received voluntary donations of just over \$3,000 that are greatly appreciated! We still are asking for additional consideration as we approach the Fall which is a slower season. The best stimulus to our financial condition is Membership, of course, but also Monthly Take-in participation by Members. Please note our Take-in shortened hours, but also be aware of Early Take-in on the prior Sunday, or, Saturday. All paperwork and checks must be included to be accommodated.

Please also know, we need people to assist and are in the process of interviewing Members to help in major/minor needs, such as Director of Publicity, Assistant to Director of Shows (scheduling, working with artists/Demo/ judges) and Gallery assistants. We appreciate our volunteers! Chuck

Gallery Director Remarks:

Wow, another month has gone by and the September show is outstanding including the “Water” SIS. Try to stop by the gallery to see the show if possible. We follow the State/cities Covid-19 rules, and naturally we don’t have large groups visiting at any one time, so I think you will find

feeling very safe.

The Assistant Gallery Director position is open and if you would like to discuss it with me, please call me. I am temporarily training new members, and if you have questions or I have missed training you, please call/email/text me before your host time and date. Gertrude 818/421-7760

Sales continue to be high. Everyone has been doing a great job. When you make a sale, it would help, if you would include the title if there is one, indicate S/W (shrink wrap); C (cards) and W (wall art). For any thing sold off the wall there should be a log number.

Next month is the "Black and White" Theme SIS.

This is always a very popular show, and I look forward to another great display of your art.

Denise Cerro

Oct 2020

Denise's background includes lengthy creative careers in both Visual Presentation and as a faux finish and mural artist. Mural work eventually led her to painting on canvas and her merchandising eye for putting things together stirred an interests towards mixed media and assemblage art.

A self taught artist, once Denise discovered painting on canvas, she set about learning as much as she could about painting techniques and medias by taking countless painting classes and workshops. Along with painting in her studio most days, Denise teaches mixed media painting classes at Art On 30th in San Diego, and is part of the mentorship program at Ashton Gallery.

NOTE TO GALLERY HOSTS:

Beginning August 31, 2020, access to the restrooms will change from a key access to a four-digit code (which will periodically change). There will be a "tent" on the desk with current codes, AND the "red/blue" key fobs will have the appropriate codes updated and taped to them and be kept in the same desk drawer.
